A message from your pet providers at Allegheny North Veterinary Hospital:

We appreciate your loyalty as a client, and want to inform you about our expanding services. Our family of veterinary hospitals has recently opened a new location just north of Zelienople, across from the Bi-Lo plaza. Our records indicate that this may be more convenient for you.

Pets in Harmony Veterinary Hospital is open Monday through Saturday, with conventional and integrative care provided by **Dr. Brian Silvis** and **Dr. Leanna Dohanich**.

As with our other locations, our new hospital is fully equipped for wellness and sick visits, surgery, radiography, and laboratory services. House calls are available by appointment. In addition, Pets in Harmony has a **Physical Rehabilitation Center** with CCRP-trained veterinary technicians.

We also offer full-service dog grooming at **Pets in Harmony Pet Salon**, with IPG-certified master groomer **Patricia Cox**. Dogs of all sizes and breeds are welcome!

Call Pets in Harmony to make an appointment, and just let our staff know that you're an Allegheny North client. We'll take care of transferring your pet's records for you!

Warm regards,

Your friends at Allegheny North Veterinary Hospital
